Diwali Vacation Assignment (2015-16)

Class – VIIA

Subject – English

**I. Read the following passage and answer the questions that follows:**

Monarch butterflies are famous for the fact that they migrate in millions to California and Mexico each winter. North American monarchs are the only butterflies that undertake such a long journey – upto 4,828kilmetres. The insects start this journey each year around autumn which comes before winter. The intense cold would kill them if they delayed their journey.

Monarch butterflies begin life as eggs. These hatch into larvae. The larvae eat their eggshells after which they devour the milkweed plants on which they are born.

The well-fed larvae become juicy, colourful caterpillars and then create a hard protective cover around themselves as they enter the pupa stage. They turn into beautifully coloured, black-orange-and-white adults. The colourful pattern makes monarchs easy to identify. The unique pattern on their wings warns predators that the monarch butterfly is poisonous and tastes rotten.

**A. Tick (√)the correct options**

- a) The monarch butterfly is best known for
  - i) its larvae.
  - ii) the fact that it flies thousands of kilometers to protect itself from the cold.
  - iii) it ability to eat milkweed plants.
  - iv) its interesting name.
- b) The monarch butterfly leaves on its journey.
  - i) in the autumn
  - ii) during winter
  - iii) in the summer
  - iv) in the morning

**B. Complete the following sentences with the correct choice of words.**

- a) The larvae eat ..... ( the pupas/their own shells/ their eggshells and milkweed plants/eggs)
- b) The larvae turns in to ..... which then turns into a ..... ( pupa.. caterpillar/ caterpillar.... Pupa/butterfly....egg/ egg...pupa).

**II. Use appropriate prefixes from the list to form antonyms and write sentences with words that you have made. Consult a dictionary, if necessary.**

|           |           |            |           |
|-----------|-----------|------------|-----------|
| <b>in</b> | <b>un</b> | <b>dis</b> | <b>im</b> |
|-----------|-----------|------------|-----------|

- a) mortal .....
- .....
- b) decent .....
- .....
- c) perfect .....
- .....
- d) conscious .....
- .....
- e) offensive .....
- .....
- f) practical .....
- .....
- g) precise .....
- .....
- h) deserving .....
- .....
- i) approve .....
- .....
